Malmö Sweden
06 - 07 April 2027

6th European Conference on Pharmaceutics

Dear Colleague,

The European Conference gives young researchers a perfect stage to present their work. Poster presentations, lectures and discussions help to promote their research findings and careers. Students and young scientists have the opportunity to learn from invited speakers in hot topic sessions. The special registration fee for students which is significantly lower than the cost enables young academics to attend the meeting.

Therefore we would highly appreciate if your company could contribute to the meeting as a sponsor. The attractive sponsorship packages spotlight your company and your products. Increase your visibility and communicate your brand values to your target group in the pharma community before, during and after the meeting.

Please have a look at the further pages for various opportunities to contribute to this meeting. Our support structure offers you a variety of packages starting from 500.00 €. To discuss any of the sponsorship and exhibition opportunities in more detail or if there is a promotion your organisation is interested in, please contact the organising team:
