

# 2026

# HOSPITAL AUTHORITY CONVENTION 醫院管理局研討大會

## 暫定程序表 PRELIMINARY PROGRAMME

DAY 1

11  
MAY

Convention Hall^#							
0845-0930							
Opening Ceremony							
Break							
1000-1200							
Opening Plenary – Healthcare to Global							
Collective Efforts in Maintaining Global Health Medical Equity – A Global Perspective The Importance of Surgery as a Facilitator of Global Healthcare TBC							
Break							
Convention Hall^#	Theatre 1^#	Theatre 2	Room 221	Room 224 & 225	Room 226 & 227	Room 421	
1330-1445	<b>Plenary I – The Non-Communicable Disease (NCD) Challenge: From Global Equity to Personal Frailty</b>	<b>Symposium 1 – Data-driven Clinical Practices</b>	<b>Special Session 1 – Empowering Nursing Leadership for Advancing Excellence in Nursing Practice</b>	<b>Special Session 2 – Research Excellence and Innovation at CUHK Medicine</b>	<b>Special Session 3 – Clinical Excellence – Winning Presentations from Hong Kong Academy of Medicine (HKAM) Colleges I</b>	<b>Masterclass 1 – Recent Advances in Hospital Authority (HA) Gastrointestinal Services</b>	<b>Symposium 2 – The Future of Structural Heart Disease Programme</b>
	The Equity Gap: Confronting the NCD Burden in the Western Pacific  A Deep Dive on Kidney Disease: Innovation and Integration in NCD Management  The Human Outcome: Preventing and Managing Frailty in an Aging Population with NCDs	Artificial Intelligence (AI) in Healthcare: The Most Urgent Issues  Hospital Building and Artificial Intelligence in Medicine  Data-driven Systems Design and Immersive Human-data Interaction	Transformational Leadership in Nursing: Preparing for Future Healthcare Development  Leadership in Nursing: Fostering a Culture of Credibility  Patient Involvement and Engagement: An Open Invitation to Nurses	Using Data to Transform Diabetes Care and Patient Lives  Novel Treatment Concept for Liver Cancer  Innovation in Diagnosis and Treatment of Aortic Diseases	Does Local Excision Alone Without Salvage Surgery Affect the Prognostic Outcome of Patients with Malignant Colorectal Polyp? A Long-Term Survival Analysis  Upper Limb Necrotizing Fasciitis - A 20 Year Review  Ultrasound Assessment of Progress in Labour: A Feasibility Study	Faecal Microbiota Transplant  Clinical Applications of Intestinal Ultrasound in Inflammatory Bowel Disease  Advance in Hepatitis B Treatment  An e-PROM-based Telehealth Model for Inflammatory Bowel Disease (IBD): The IBD Smart Care Experience	Preparing for the Tsunami of Structural Heart Interventions: Perspectives from a Clinician and Hospital Administrator  The Future of Structural Heart Disease Programme: Where Are We Now? The Hong Kong and Greater Bay Area (GBA) Perspective  How Imaging and Heart Failure Programme Contribute to the Structural Heart Tsunami?
Break							
1500-1615	<b>Plenary II – Affordable Advancement in Healthcare</b>	<b>Special Session 4 – HKAM Symposium and Roundtable Discussion: Navigating the New Frontiers in Medical Education</b>	<b>Parallel Session 1 – Co-creating Health Solutions</b>	<b>Special Session 5 – Striving for Clinical Excellence in HKUMed – Presentations by Recipients of the 2025 Faculty Clinical Service Excellence Award</b>	<b>Special Session 6 – Clinical Excellence – Winning Presentations from HKAM Colleges II</b>	<b>Masterclass 2 – A Dot in the Lung: What Does it Mean and What Should We Do?</b>	<b>Special Session 7 – Primary Health Care in Hong Kong</b>
	Real World Evidence (RWE) in Clinical Practice: Methods, Biases, and Opportunities for Hong Kong and the Greater Bay Area  The Role of National Institute for Health and Care Excellence (NICE) in Healthcare Quality Improvement in the National Health Service (NHS) in the United Kingdom  Institute for Medical Advancement and Clinical Excellence (IMACE): Vision and Mission	HKAM Position Statement on Artificial Intelligence in Medical Education  Challenges and Opportunities in Post Graduate Medical Education, Canadian Perspectives  The Innovator and Implementer - Beyond the Bot: Integrating Simulation and Immersive Technologies in Medical Education  Educating Clinicians: Navigating Well-being, Professional Identity, and Adaptive Assessment in Modern Training	How AI Search Is Becoming the Fastest Adopted Technology by Clinicians  Connecting Care Empowering Health - Tencent's Innovation in Healthcare  Collaborative Generative Artificial Intelligence (Co-GenAI): A Novel Fusion-Driven Framework	Hong Kong Paediatric Neuromuscular Disorders Excellence Programme: Advancing Professionalism, Practice, and Partnerships  Excellence in Action: How Teamwork Transformed Stroke Care at Queen Mary Hospital  A Physician Ambassador for Neuro-Oncology Patients: Establishing a Service of Excellence at HKU Medicine  The Unbreakable Will: The Path to Recovery after Spinal Cord Injury  Breaking Barriers: Improving Lives of People Living with Chronic Liver Disease	Transversus Thoracis Muscle Plane Block for Acute and Chronic Pain Management in Cardiac Surgical Patients Requiring Sternotomy: A Prospective Randomized Controlled Trial  Smartphone-based Personal Sound Amplification Product on Self-perceived Communication Function in Older Adults with Hearing Loss: A Randomized Controlled Trial  Determinants of Treatment Burden in Older Adults with Multimorbidity: A Territorywide, Cross-sectional Study Across 19 Centers in Hong Kong	Application of AI in Assessment of Pulmonary Nodule  The Diagnostic Approach to Pulmonary Nodule: Surveillance? Biopsy? Resect?  Advances in Diagnostic and Therapeutic Strategies for Pulmonary Nodules  From Chest X-Ray (CXR) to Computed Tomography (CT): Lung Cancer Screening	Continuity of Care - A Hallmark of Quality Primary Care  Translating Evidence to Primary Healthcare Policy  Evolutionary Changes in Family Medicine from a Corporate Wide Perspective
Break							
1630-1745	<b>Plenary III – Sustainability in Healthcare - From Facilities to Technologies</b>	<b>Symposium 3 – Preparedness of Major Events</b>	<b>Symposium 4 – Strategic Conglomeration of Global Talents</b>	<b>Symposium 5 – Updates on Hospital Accreditation and Development of Single Disease and Clinical Pathway</b>	<b>Special Session 8 – Innovation for Advanced Nursing Care I</b>	<b>Masterclass 3 – Neurosurgery Advancement through HAMSINP (HA Mechanism for the Safe Introduction of New Procedure/ Technology)</b>	<b>Special Session 9 – Health and Medical Research Fund (HMRF): Be the Catalyst in Research Collaboration and Translation in HA</b>
	The Hospital as City: Reclaiming Care, Civic Life and Sustainability  The New Era of Artificial Intelligence (AI): Innovation in Healthcare and Future Vision Prospects	Medical Preparedness for the FIFA World Cup 2022, Qatar  Medical Support for Horses racing in Hong Kong  Framing the Medical Support for Major Event	Smart Integrated Tele-mentoring and Research Endoscopic Operating Room  An Interventional Radiologist Abroad: Finding the Right Path When the Map Is Unfamiliar  Advancing Orthopaedic Specialist Training in Chinese Mainland: Hong Kong's Role as the "Super Connector"	Shaping China's International Hospital Accreditation (CIHA) for Modern Hospital Management  Leveraging Hospital Accreditation to Drive High-Quality Development  Single-Disease and Clinical Path Management	Journey Mapping to Explore the Adaptability of Junior Nurses to Clinical Practice: A Qualitative Study  Evaluating the Impact of Multicomponent Education on Nurses' Knowledge, Attitudes and Practices of Physical Restraint Use in Acute Care Setting: A Pilot Study  Application of Implementation Science – PEDALS Model to Drive Changes: The Roll Out of Electronic Intake and Output (e-I&O) System in 4 Public Hospitals in Hong Kong	Diaphragmatic Pacing  MRI Guided Laser Interstitial Thermal Therapy (LITT)  Robotic Neurosurgery Stereoelectroencephalography (SEEG)  The Evolution of Deep Brain Stimulation for Drug Resistant Epilepsy in Hong Kong	Translating Research into Real-World Impact: A Randomised Control Trial of SIM01 for Post-acute COVID-19 Syndrome  Collaborating for Better Survivorship Care in Young Individuals with Cancer: Reflections on Our Shared Journey  Successful Research Experience in HA Setting on HMRF Projects with Clinical Significance, Career Development Value and Opportunity to Collaboration with Academics  Translating Health and Medical Research Fund (HMRF) Funding into Career Advancement and Clinical Change in Reproductive Medicine

^ Simultaneous interpretation (English/Putonghua) is available at this venue \* Presentation in Putonghua # Sessions will be available online

HOSPITAL AUTHORITY CONVENTION  
醫院管理局研討大會

暫定程序表 PRELIMINARY PROGRAMME

DAY 2

12  
MAY

	Convention Hall^#	Theatre 1^#	Theatre 2^#	Room 221#	Room 224 & 225	Room 226 & 227	Room 421	Room 423 & 424
0900-1030	<b>Plenary IV – Advance Care Planning (ACP) and Advance Medical Directive (AMD)</b>	<b>Parallel Session 2 – Bridging the Gap: Research to Practice</b>	<b>Symposium 6 – Advancement in Stroke Service</b>	<b>Symposium 7 - Advancing Cell and Gene Therapy under Current Regulatory Framework</b>	<b>Special Session 10 - Strategic Partnerships and Community Engagement for Addressing Key Determinants of Health</b>	<b>Masterclass 4 – Postpartum Haemorrhage (PPH) – An Update</b>	<b>Parallel Session 3 - Innovation for Advanced Nursing Care II</b>	<b>Masterclass 5 – Update on Management of Bone Metastases</b>
	*Strategies to Promote Living Will in Chinese Culture 在中國文化視角下推廣生前預囑的策略 AThe Advance Decision on Lifesustaining Treatment (ADLST) Ordinance: Challenges that Follow Advance Medical Directive in Hong Kong: A Legal Perspective Advance Medical Directive and Advance Care Planning - The Singapore Experience	Going Founder Mode on Cancer - the Futuristic Case Study of Sid Sijbrandij TBC Territory-wide Deployment of an Electronic Health Record (EHR)-integrated Artificial Intelligence Hip Fracture Detection Model	Advances in Acute Stroke Management New Paradigm of Emergency Stroke Unit From Stoke Care to Brain Care	The Complex and Evolving Issues on Cell and Gene Therapy Regulatory Framework Quality is the New Quantity: Scaling the Global Pharmaceutical Inspection Co-operation Scheme (PIC/S) Standard to Define the GBA's Cell Gene Therapy Future Advanced Therapy Products - The Regulatory Perspective	Towards a Smoke-Free Hong Kong: Strengthened Strategies for Tobacco Control Fostering Partnerships in the Fight Against Antimicrobial Resistance: Why, What and How? Intersectoral Collaboration in Promoting Weight Management	Update on the Incidences of PPH after One Year of Universal Carbetocin for all Caesarean Sections in HA Trend and Outcomes of Massive Primary Postpartum Haemorrhage: Impact of Second-line Therapies in a Hong Kong Tertiary Obstetric Unit Patient Blood Management in Obstetrics	Better Nursing Handover Communication: Interdisciplinary, Translational Research and Training 3D Pre-operative Gamified Animation Training for Postoperative Pain Management Validation of Capnography as a Bedside Method for Nasogastric Tube (NGT) Placement Confirmation A Randomised Control Trial to Develop and Evaluate an Infection Control Simulation Training for Nursing Students	Integrate Systemic Therapies and Radiation Therapy - Curative and Palliative Role of Modern Imaging Techniques for Diagnosis, Staging and Response Assessment Surgical Intervention for Spinal Metastasis: A Personalized Multidisciplinary Approach to "When and How?" Pelvis Metastasis: Death Zone? Bone Metastases – Pain Management Updates
<b>Break</b>								
1050-1220	<b>Plenary V – Surfing on the Next Wave of Pandemic</b>	<b>Symposium 8 - Personalised and Patient-centric Management in Cardiovascular Medicine</b>	<b>Parallel Session 4 – Value-based Care</b>	<b>Symposium 9 - Integration of Palliative Care for Patients with Cancer for Provision of Supportive Cancer Care</b>	<b>Symposium 10 - Geriatric Fractures: Building Stronger Bones, Preserving Lives</b>	<b>Masterclass 6 – Novel Sonographic Techniques in Obstetrics and Gynaecology</b>	<b>Parallel Session 5 - Innovation for Advanced Nursing Care III</b>	<b>Masterclass 7 – Transforming Orthopaedic Outcomes with Technology and Teamwork</b>
	Automated Surveillance Systems and Data-driven Infection Monitoring in Hospital Optimize Country's System Readiness for Global Public Health Security Impact of World Health Organisation Pandemic Agreement 2025	Holistic and Patient-based Management in Heart Failure Smart Risk Assessment for Smarter Heart Care: P-CARDIAC Current and Future AI Application in Cardiovascular Medicine	Smarter Testing, Better Care: A Scalable Model for High-Value Practice Driving Value through Healthcare Innovation Cost-Effectiveness as a Path to Sustainable and Fair Healthcare	Symptom Screening with Targeted Early Palliative Care (STEP) Triggering Criteria and Other Initiatives at the Royal Marsden Integration of Palliative Care for Patients with Cancer	Update on the Management of Fragility Fractures Update on the Management of Osteoporosis Fall in Geriatric Population	Point of Care Ultrasound in Obstetric and Gynaecological Emergencies Enhancing Patient Safety with Intrapartum Ultrasound at the Second Stage of Labour High-Intensity Focused Ultrasound (HIFU) for Uterine Fibroids and Other Gynaecological Conditions	A Pilot Community Cardiopulmonary Resuscitation (CPR) Programme in Rural Area in Hong Kong A Pilot Study of an Interprofessional Mindfulness Group for Overactive Bladder in Women Innovating Palliative Care: Nurse-Led Pilot Service for Young Oncology Patients Using ESG Perspectives	Long-term Use of Tenofovir Disoproxil Fumarate Increases Fracture Risk in Elderly Patients with Chronic Hepatitis B Making Use of Your Natural Partner to Assess for Instability in Ankle Fractures Update on Incorporation of Physiotherapy Support to Integrated Model of Specialist Outpatient Service of Orthopaedics and Traumatology - SAFE Programme
<b>Break</b>								
1330-1500	<b>Plenary VI – Integrated Oncology and Palliative Care</b>	<b>Symposium 11 – AI and Health Medicine</b>	<b>Parallel Session 6 – Integrated Pathways for Chronic Care</b>	<b>Symposium 12 - Transforming Concept into Reality in Hospital Constructions</b>	<b>Symposium 13 - Innovations in Medical Training and Career Pathway</b>	<b>Masterclass 8 – Synthetic CT and Breast Cancer Care</b>	<b>Parallel Session 7 - Leveraging Smart Technology to Achieve Clinical Excellence in Allied Health Services</b>	<b>Masterclass 9 – Diagnosis of Paediatric Diseases in the Genomic Era – A Pathologists' Perspective</b>
	Integration of Palliative Care with Oncology for Comprehensive Cancer Care Early Palliative Care in Oncology Molecular Science in the Era of "Healthy China"	Distributed Generative AI: Reshaping the Future of Medical Intelligence Development and Deployment of AI Techniques in Clinical Workflow	TBC Medical Robotics – the Present and the Future TBC	* The Design Trends in Health-centred Hospital Architecture以健康為中心的醫療建築 * Paradigm Iteration in Healthcare Architecture醫療保健架構中的範式反覆運算 * An Exploration of Intelligent Generation and Optimization Design of Comprehensive Hospital Architectural Floor Plans under the Background of AI – Taking the Central Operating Room as an Example 人工智慧背景下綜合醫院建築平面智慧化生成與優化設計的探索—以中心手術部為例	Assistant Internship and Future Generation of Medical Graduates Dual Synergy: Hospital Authority and Academia for Impact Patient Safety Culture and Healthcare Education	To See What You Treat - Clinical Feasibility of MR-only Radiotherapy Using Synthetic CT Less is More: The Promise of Ultra-hypofractionated and Partial Breast Radiotherapy Empowering Choices: Breast Cancer (BRCA), Genomic Testing and Personalized Therapy in Breast Cancer Care	How IT Advancement Contributes in HA's Physiotherapy Service? Enhancing Quality and Safety: AI-Assisted Training for New Recruits AI-Driven Cognitive Rehabilitation and Robotic Therapy for People with Neurological Disorders: Current Innovations and Future Directions	A Pathologist-led Laboratory Genetic Diagnostic Service - What and Why Genetic and Genomic Pathology Service at Hong Kong Children's Hospital The Vital Partnership Between Clinical Care and Genetic Pathology (Case 1: Navigating Neonatal Challenges) The Vital Partnership Between Clinical Care and Genetic Pathology (Case 2: The Case of Solid Tumours)!
<b>Break</b>								
1530-1700	<b>Plenary VII – Technology Advancement and Service Development</b>	<b>Symposium 14 - End of Life (EOL) Care in Residential Care Homes for Elderly (RCHes)</b>	<b>Symposium 15 - Technological Innovation in Hospital Construction</b>	<b>Special Session 11 - Advances in Health Technology</b>	<b>Symposium 16 - Statistics and Data Science in Healthcare: Unlocking the Power of Data</b>	<b>Masterclass 10 – Breast Cancer Management in the Modern Era</b>	<b>Parallel Session 8 - Transforming Allied Health Practices: Exploring New Technologies for Enhanced Patient Care</b>	<b>Parallel Session 9 - Innovation in Practice</b>
	Challenges and Opportunities in Implementing AI in Smart Hospitals From Opacity to Restoration: Advancing Keratoprosthesis Surgery	Developing End-of-Life Care in Residential Care Home for the Elderly in Hong Kong Community Support for EOL Care and Dying in Place in RCHes Strengthening EOL Care in Nursing Homes: An Empowerment-Based Capacity-Building Model Panel Discussion	The Hospital as Innovator: Proactive, Personalised and Interconnected Innovation and Sustainable Project of Nantes University Hospital	Enhancing Homebased Rehabilitation Through Locally Tailored Technological Innovations Robotics to Support Healthy Ageing Wearable Robotics in Stroke Rehabilitation: Restoring Hand Function and Mobility	Direct and Indirect Impact of COVID on Public Health Protection and Waning of Vaccine-induced, Natural and Hybrid Immunity to SARS-CoV-2 in Hong Kong From Insight to Impact: Evidence-based Policy Formulation and Service Planning	The Modern Multidisciplinary Breast Center: From Co-location to True Integration Multidisciplinary Management of Breast Cancer: A Radiologist's Role Advances in Breast Cancer Oncological Treatment	Advanced Technology in HA's Prosthetic Service Evaluation of the Efficacy of Telehealth in Dietetics Management of Diabetes Mellitus: Pilot Study Evaluation of the First Advanced Practice Radiation Therapist Role in Hong Kong: Specialist in Urological Cancer	Nurturing an Innovation Ecosystem in our Public Healthcare System SmartCare: HA's AI Customisation Partner for Smarter Documentation, Patient Education and Better Patient Care Peritoneal Dialysis Patient Empowerment by Ultrabag Connecting (UC) Device Proof of Concept 1: Transforming Innovation into Better Patient Outcome Proof of Concept 2: From Innovation to Better Patient Experience and Clinic Operations Optimization

^ Simultaneous interpretation (English/Putonghua) is available at this venue \* Presentation in Putonghua # Sessions will be available online

## 暫定程序表

## PRELIMINARY PROGRAMME

### DAY 3

### 13 MAY

	Convention Hall^#	Theatre 1^#	Theatre 2^#	Room 221#	Room 224 & 225	Room 226 & 227	Room 421
0900-1030	<b>Plenary VIII – Innovation and Advances in Surgery</b>	<b>Symposium 17 – New Drug and New Treatment Strategy from Chinese Medicine or Herbal Medicine for Unmet Medical Needs</b>	<b>Symposium 18 - Advanced Technology to Improve Safety and Well-being in the Workplace</b>	<b>Service Enhancement Presentation 1</b>	<b>Symposium 19 - Big Data and Technology</b>	<b>Symposium 20 - Supporting Patients in Community for Elderly and EOL Care</b>	<b>Service Enhancement Presentation 2</b>
	<p>Surgical Advances in Management of Liver Cancer</p> <p>Re-defining the Indications for Aortic Surgery in Women</p> <p>Advances in Robotic Microsurgery: Applications, Innovations and Future Directions</p> <p>Robotic Surgery in Urology: From Technology to Clinical Practice</p>	<p>WE (Western + Eastern) Medicine as the Foundation of Future Medicines: YIV-906 Case Study – a Modernized 1800-Year-Old Formula to Improve Cancer Treatment Outcomes</p> <p>* Inheritance, Innovation and Clinical Practice in Integrative Chinese and Western Medicine for Coronary Heart Disease 冠心病中西醫結合傳承創新及臨床實踐</p>	<p>Advancements in AI and Robotic Solutions for Occupational Health/Safety in Hospital and Elderly Care Environments</p> <p>Embarking on a Journey to Explore Innovative Occupational Safety and Health (OSH) Technologies in Osaka World Expo and Düsseldorf A+A Congress</p> <p>Advanced Exoskeleton Technology to Improve Safety and Well-being in the Workplace</p>	<p>Better Manage Growing Demands I</p> <p>Better Manage Growing Demands II</p>	<p>Brain and Big Data</p> <p>Orchestrating Complexity: Building a Safety-Driven Intraoperative MRI Service Through Multidisciplinary Collaboration and Workflow Precision</p> <p>Large AI Models for Generalizable and Cost-effective Healthcare</p>	<p>Strengthening Post-Discharge Care Through Medical-Social Collaboration: A Pilot Study of Family Caregiver Support in Hong Kong</p> <p>Creating an Age-friendly City: Community Support for the End-of-life</p> <p>The Future of End-of-life Care Policy in Hong Kong</p>	<p>Staff Engagement and Empowerment</p> <p>Clinical Safety &amp; Quality Service I</p>
<b>Break</b>							
1050-1220	<b>Plenary IX – Improving Surgical Outcomes through Global Collaborative Research</b>	<b>Symposium 21 – Is Managing Cardiovascular-Kidney-Metabolic (CKM) Syndrome Transformative for Reducing Diabetes Complications?</b>	<b>Symposium 22 – Sustainable Healthcare System</b>	<b>Service Enhancement Presentation 3</b>	<b>Symposium 23 - Organ Transplant: A Step Forward in Promoting Organ Donation and Saving Lives</b>	<b>Masterclass 11 – Cataract Surgery</b>	<b>Service Enhancement Presentation 4</b>
	<p>Improving Surgical Outcomes through Global Collaborative Research: Challenges and Opportunities</p> <p>Turning Data into Safer Surgery: From Audit to Intelligence in Surgical Outcome Monitoring</p> <p>How We Translate Robotic Surgical Technologies from Bench to Bedside in Hong Kong</p>	<p>Managing CKM Syndrome: the Global Perspective</p> <p>Managing CKM Syndrome: Are We Ready Yet?</p>	<p>From Projects to Systems: Building Sustainable Healthcare That Delivers</p> <p>Healthcare Sustainability from Both a Leadership and Ground-up Perspective</p> <p>New Era of Medical Education</p>	<p>Clinical Safety &amp; Quality Service II</p> <p>Clinical Safety &amp; Quality Service III</p>	<p>Expanding the Donor Pool-Australia's Approach</p> <p>Increasing Organ Availability through Expanded Criteria: A Case Illustration Approach and Resistance</p> <p>Increasing Organ Availability through Expanded Criteria: Surgical Innovations and Strategies</p> <p>Expanding the Local Donor Pool - Learning from Australia's DonatELife Model</p> <p>Family Support in the Donation Journey</p>	<p>Epidemiology of Cataracts in Hong Kong</p> <p>Immediate Sequential Bilateral Cataract Surgery (ISBCS) - Sustainability and Resistance</p> <p>High Flow Cataract Surgery – HA Experience</p> <p>Optimising Cataract Services through Structured Peri-operative Nursing</p> <p>AI-Enhanced Cataract Care: Improving Quality and Efficiency</p> <p>The Future – New T8 Territorial Cataract Centre</p>	<p>Healthcare Advances, Research and Innovations</p> <p>Collaboration and Teamwork</p>
<b>Break</b>							
1330-1500	<b>Plenary X - Medical Equity: Organ Transplant</b>	<b>Symposium 24 - Fostering Wellness and Fulfilment at Work</b>	<b>Symposium 25 – Smart Operating Theatre (OT) from Anaesthetist and Surgeon Perspectives</b>	<b>Service Enhancement Presentation 5</b>	<b>Masterclass 12 – Challenges and Recent Development in Clinical Toxicology</b>	<b>Special Session 12 - Enhancing Stroke Care through Evidence-Based Integrated Chinese-Western Medicine (ICWN): A Collaborative Model of Western and Chinese Medicine in Hong Kong</b>	<b>Service Enhancement Presentation 6</b>
	<p>Organ Donation Conundrums in Asia and their Solutions</p> <p>Improving Transplant Equity through ABO Histocompatibility</p>	<p>Harnessing Positive Psychology for Enhanced Happiness and Success</p> <p>Building Resilience and Leveraging Personal Strengths: Lessons from Healthcare, Ice Climbing, and Mountaineering</p> <p>Financial Wellness: Empower Staff for a Secure Future</p>	<p>Smart Operating Theatre and Perioperative Journey – An Anaesthesiologist's Perspective</p> <p>Smart Operating Theatre – from Surgeon's Perspective</p> <p>Smart Operating Theatre – from Engineer's Perspective</p>	<p>Young HA Investigators Presentations</p> <p>Presentation of Best Poster Presentation Awards and Sharing Session I</p>	<p>Etomidate Abuse: the Anti-Drug Effort from HA</p> <p>Clinical Management of Etomidate Abuse: Current Knowledge and Controversies</p> <p>Integrated Chinese-Western Medicine Treatment Safety</p> <p>Antidote Coordination in Crisis: Lessons from Poisoning Incident, Outbreak and Disaster</p>	<p>Clinical Effectiveness Study for ICWM Programme in Stroke Care</p> <p>Hong Kong Experience Sharing on the ICWM Programme in Stroke Care</p>	<p>Presentation of Best Poster Presentation Awards and Sharing Session II</p>
<b>Break</b>							
1530-1700	<b>Presentation of Awards (Convention Hall)</b>						
	Hospital Authority Outstanding Staff and Teams Award Presentation Ceremony 2026						

^ Simultaneous interpretation (English/Putonghua) is available at this venue \* Presentation in Putonghua # Sessions will be available online
