

# 2026

# HOSPITAL AUTHORITY CONVENTION 醫院管理局研討大會

## 暫定程序表 PRELIMINARY PROGRAMME

DAY 1

11  
MAY

Convention Hall^#							
0845-0930	Opening Ceremony						
Break							
1000-1200	<b>Opening Plenary – Healthcare to Global</b> Collective Efforts in Maintaining Global Health Medical Equity – A Global Perspective The Importance of Surgery as a Facilitator of Global Healthcare *Innovation in Medical Robotics: From Beijing Practices to Global Health Equity 醫療機器人創新：從北京實踐走向全球健康公平						
Break							
Convention Hall^#	Theatre 1^#	Theatre 2	Room 221	Room 224 & 225	Room 226 & 227	Room 421	
1330-1445	<b>Plenary I – The Non-Communicable Disease Challenge: From Global Equity to Personal Frailty</b>	<b>Symposium 1 – Data-driven Clinical Practices</b>	<b>Special Session 1 – Empowering Nursing Leadership for Advancing Excellence in Nursing Practice</b>	<b>Special Session 2 – Research Excellence and Innovation at CUHK Medicine</b>	<b>Special Session 3 – Clinical Excellence – Winning Presentations from Hong Kong Academy of Medicine Colleges I</b>	<b>Masterclass 1 – Recent Advances in Hospital Authority Gastrointestinal Services</b>	<b>Symposium 2 – The Future of Structural Heart Disease Programme</b>
	The Equity Gap: Confronting the Non-Communicable Disease Burden in the Western Pacific  A Deep Dive on Kidney Disease: Innovation and Integration in Non-Communicable Disease Management  The Human Outcome: Preventing and Managing Frailty in an Aging Population with Non-Communicable Diseases	Artificial Intelligence in Healthcare: The Most Urgent Issues  Hospital Building and Artificial Intelligence in Medicine  Immersive, Interactive, and Intelligent: Reimagining Medical Education and Patient Communication with Virtual Reality and Artificial Intelligence	Transformational Leadership in Nursing: Preparing for Future Healthcare Development  Leadership in Nursing: Fostering a Culture of Credibility  Patient Involvement and Engagement: An Open Invitation to Nurses	Using Data to Transform Diabetes Care and Patient Lives  Novel Treatment Concept for Liver Cancer  Innovation in Diagnosis and Treatment of Aortic Diseases	Does Local Excision Alone without Salvage Surgery Affect the Prognostic Outcome of Patients with Malignant Colorectal Polyp? A Long-Term Survival Analysis  Upper Limb Necrotising Fasciitis - A 20-year Review  Ultrasound Assessment of Progress in Labour: A Feasibility Study	Faecal Microbiota Transplant  Clinical Applications of Intestinal Ultrasound in Inflammatory Bowel Disease  Advance in Hepatitis B Treatment  Inflammatory Bowel Disease Smart Care: An Electronic Patient-reported Outcome Measures-based Telehealth Model for Inflammatory Bowel Disease	Preparing for the Tsunami of Structural Heart Interventions: Perspectives from a Clinician and Hospital Administrator  The Future of Structural Heart Disease Programme: Where Are We Now? The Hong Kong and Greater Bay Area Perspective  How Imaging and Heart Failure Programme Contribute to the Structural Heart Tsunami?
Break							
1500-1615	<b>Plenary II – Affordable Advancement in Healthcare</b>	<b>Special Session 4 – Hong Kong Academy of Medicine Symposium and Roundtable Discussion: Navigating the New Frontiers in Medical Education</b>	<b>Parallel Session 1 – Co-creating Health Solutions</b>	<b>Special Session 5 – Striving for Clinical Excellence in HKUMed – Presentations by Recipients of the 2025 Faculty Clinical Service Excellence Award</b>	<b>Special Session 6 – Clinical Excellence – Winning Presentations from Hong Kong Academy of Medicine Colleges II</b>	<b>Masterclass 2 – A Dot in the Lung: What Does it Mean and What Should We Do?</b>	<b>Special Session 7 – Primary Health Care in Hong Kong</b>
	Real-World Evidence in Clinical Practice: Methods, Biases, and Opportunities for Hong Kong and the Greater Bay Area  Healthcare Quality Improvement in the National Health Service in England The Role of National Institute for Health and Care Excellence  Establishment of the Institute for Medical Advancement and Clinical Excellence: Core Values, Mission and Challenges	Hong Kong Academy of Medicine Position Statement on Artificial Intelligence in Medical Education  Challenges and Opportunities in Postgraduate Medical Education, Canadian Perspectives  The Innovator and Implementer - Beyond the Bot: Integrating Simulation and Immersive Technologies in Medical Education  Educating Clinicians: Navigating Well-being, Professional Identity, and Adaptive Assessment in Modern Training  Panel Discussion	How Artificial Intelligence Search Is Becoming the Fastest Adopted Technology by Clinicians  Connecting Care Empowering Health - Tencent's Innovation in Healthcare  Collaborative Generative Artificial Intelligence: A Novel Fusion-Driven Framework	Hong Kong Paediatric Neuromuscular Disorders Excellence Programme  Excellence in Action: How Teamwork Transformed Stroke Care at Queen Mary Hospital  A Physician Ambassador for Neuro-Oncology Patients: Establishing a Service of Excellence at HKU Medicine  The Unbreakable Will: The Path to Recovery after Spinal Cord Injury  Breaking Barriers: Improving Lives of People Living with Chronic Liver Disease	Transversus Thoracis Muscle Plane Block for Acute and Chronic Pain Management in Cardiac Surgical Patients for Sternotomy: A Prospective Randomised Controlled Trial  Smartphone-based Personal Sound Amplification Product on Self-perceived Communication Function in Older Adults with Hearing Loss: A Randomised Controlled Trial  Determinants of Treatment Burden in Older Adults with Multimorbidity: A Territory-wide, Cross-sectional Study Across 19 Centers in Hong Kong	Application of Artificial Intelligence in Assessment of Pulmonary Nodule  The Diagnostic Approach to Pulmonary Nodule: Surveillance? Biopsy? Resect?  Advances in Diagnostic and Therapeutic Strategies for Pulmonary Nodules  From Chest X-Ray to Computed Tomography: Lung Cancer Screening	Continuity of Care - A Hallmark of Quality Primary Care  Translating Evidence to Primary Healthcare Policy  Evolutionary Changes in Family Medicine from a Corporate World Perspective
Break							
1630-1745	<b>Plenary III – Sustainability in Healthcare - From Facilities to Technologies</b>	<b>Symposium 3 – Preparedness of Major Events</b>	<b>Symposium 4 – Strategic Conglomeration of Global Talents</b>	<b>@Symposium 5 – Updates on Hospital Accreditation and Development of Single Disease and Clinical Pathway</b>	<b>Special Session 8 – Innovation for Advanced Nursing Care I</b>	<b>Masterclass 3 – Neurosurgery Advancement through Hospital Authority Mechanism for the Safe Introduction of New Procedure/ Technology</b>	<b>Special Session 9 – Health and Medical Research Fund: Be the Catalyst in Research Collaboration and Translation in Hospital Authority</b>
	The Hospital as City: Reclaiming Care, Civic Life and Sustainability  The New Era of Artificial Intelligence: Innovation in Healthcare and Future Vision Prospects	Medical Preparedness for the FIFA World Cup 2022, Qatar  Medical Support for Horseracing in Hong Kong  Framing the Medical Support for Major Events	Smart Integrated Tele-mentoring and Research Endoscopic Operating Room  An Interventional Radiologist Abroad: Finding the Right Path When the Map Is Unfamiliar  Advancing Orthopaedic Specialist Training in the Chinese Mainland: Hong Kong's Role as the "Super Connector"	Shaping China's International Hospital Accreditation Standards for Modern Hospital Management  Leveraging Hospital Accreditation to Drive High-Quality Development  Single-Disease and Clinical Path Management	Journey Mapping to Explore the Adaptability of Junior Nurses to Clinical Practice: A Qualitative Study  Evaluating the Impact of Multicomponent Education on Nurses' Knowledge, Attitudes and Practices of Physical Restraint Use in Acute Care Setting: A Pilot Study  Application of Implementation Science – PEDALs Model to Drive Changes: The Roll Out of Electronic Intake and Output (e-I&O) System in 4 Public Hospitals in Hong Kong	The Gift of Breathing: The Story of Diaphragmatic Pacing  Magnetic Resonance Imaging Guided Laser Interstitial Thermal Therapy  Robotic Neurosurgery Stereoelectroencephalography  The Evolution of Deep Brain Stimulation for Drug Resistant Epilepsy in Hong Kong	Translating Research into Real-World Impact: A Randomized Control Trial of SIM01 for Post-acute COVID-19 Syndrome  Translating Health and Medical Research Fund Funding into Career Advancement and Clinical Change in Reproductive Medicine  Successful Research Experience in Hospital Authority Setting on Health and Medical Research Fund Projects with Clinical Significance, Career Development Value and Opportunity to Collaboration with Academics  Collaborating for Better Survivorship Care in Young Individuals with Cancer: Reflections on Our Shared Journey

2026

HOSPITAL AUTHORITY CONVENTION  
醫院管理局研討大會

暫定程序表 PRELIMINARY PROGRAMME

DAY 2

12  
MAY

	Convention Hall^#	Theatre 1^#	Theatre 2^#	Room 221#	Room 224 & 225	Room 226 & 227	Room 421	Room 423 & 424
0900-1030	<b>Plenary IV – Advance Care Planning and Advance Medical Directive</b>	<b>Parallel Session 2 – Bridging the Gap: Research to Practice</b>	<b>Symposium 6 – Advancement in Stroke Service</b>	<b>Symposium 7 - Advancing Cell and Gene Therapy under Current Regulatory Framework</b>	<b>Special Session 10 - Strategic Partnerships and Community Engagement for Addressing Key Determinants of Health</b>	<b>Masterclass 4 – Postpartum Haemorrhage – An Update</b>	<b>Parallel Session 3 - Innovation for Advanced Nursing Care II</b>	<b>Masterclass 5 – Update on Management of Bone Metastases</b>
	*Strategies to Promote Living Will in Chinese Culture 在中國文化視角下推廣生前預囑的策略  The Advance Decision on Life-sustaining Treatment Ordinance: Challenges that Follow  Advance Medical Directive in Hong Kong: A Legal Perspective  Advance Medical Directive and Advance Care Planning - The Singapore Experience	Going Founder Mode on Cancer - the Futuristic Case Study of Sid Sijbrandij  From Lab, Technology to Incision: Minimally Invasive Skull Base Neurosurgery Unlocked  Territory-wide Deployment of an Electronic Health Record-integrated Artificial Intelligence Hip Fracture Detection Model:	Recent Advances in Hyperacute Stroke Care  *Clinical Application of Ultra-low Field Moving Magnetic Resonance Imaging 超低場移動磁共振的臨床應用  From Stoke Care to Brain Care	The Complex and Evolving Issues on Cell and Gene Therapy Regulatory Framework  Quality is the New Quantity: Scaling the Global Pharmaceutical Inspection Co-operation Scheme Standard to Define the Greater Bay Area's Cell Gene Therapy Future  Advanced Therapy Products - The Regulatory Perspective	Towards a Smoke-Free Hong Kong: Strengthened Strategies for Tobacco Control  Fostering Partnerships in the Fight Against Antimicrobial Resistance: Why, What and How?  Intersectoral Collaboration in Promoting Weight Management	Update on the Incidences of Postpartum Haemorrhage after One Year of Universal Carbocetin for all Caesarean Sections in Hospital Authority  Trend and Outcomes of Massive Primary Postpartum Haemorrhage: Impact of Second-line Therapies in a Hong Kong Tertiary Obstetric Unit  Patient Blood Management in Obstetrics	Better Nursing Handover Communication: Interdisciplinary, Translational Research and Training  3D Pre-operative Gamified Animation Training for Postoperative Pain Management  Validation of Capnography as a Bedside Method for Nasogastric Tube Placement Confirmation  A Randomised Control Trial to Develop and Evaluate an Infection Control Simulation Training for Nursing Students	Integrate Systemic Therapies and Radiation Therapy - Curative and Palliative  Role of Modern Imaging Techniques for Diagnosis, Staging and Response Assessment  Surgical Intervention for Spinal Metastasis: A Personalised Multidisciplinary Approach to "When and How?"  Pelvis Metastasis: Death Zone?  Pain Management for Metastatic Bone Pain
<b>Break</b>								
1050-1220	<b>Plenary V – Surfing on the Next Wave of Pandemic</b>	<b>Symposium 8 - Personalised and Patient-centric Management in Cardiovascular Medicine</b>	<b>Parallel Session 4 – Value-based Care</b>	<b>Symposium 9 - Integration of Palliative Care for Patients with Cancer for Provision of Supportive Cancer Care</b>	<b>Symposium 10 - Geriatric Fractures: Building Stronger Bones, Preserving Lives</b>	<b>Masterclass 6 – Novel Sonographic Techniques in Obstetrics and Gynaecology</b>	<b>Parallel Session 5 - Innovation for Advanced Nursing Care III</b>	<b>Masterclass 7 – Transforming Orthopaedic Outcomes with Technology and Teamwork</b>
	Automated Surveillance Systems and Data-driven Infection Monitoring in Hospital  Optimise Country's System Readiness for Global Public Health Security  Impact of World Health Organization Pandemic Agreement 2025	Holistic and Patient-based Management in Heart Failure  Smart Risk Assessment for Smarter Heart Care: P-CARDIAC  Current and Future Artificial Intelligence Application in Cardiovascular Medicine	Smarter Testing, Better Care: A Scalable Model for High-Value Practice  Driving Value through Healthcare Innovation  Cost-Effectiveness as a Path to Sustainable and Fair Healthcare	Symptom Screening with Targeted Early Palliative Care (STEP) for Patients with Advanced Cancer  Triggering Criteria and Other Initiatives at the Royal Marsden  Integration of Palliative Care for Patients with Cancer	Update on the Management of Fragility Fractures  Update on the Management of Osteoporosis  Fall in Geriatric Population	Point of Care Ultrasound in Obstetric and Gynaecological Emergencies  Enhancing Patient Safety with Intrapartum Ultrasound at the Second Stage of Labour  High-Intensity Focused Ultrasound for Uterine Fibroids and Other Gynaecological Conditions	A Pilot Community Cardiopulmonary Resuscitation Programme in Rural Area in Hong Kong  A Pilot Study of an Interprofessional Mindfulness Group for Overactive Bladder in Women  Innovating Palliative Care: Nurse-Lead Pilot Service for Young Oncology Patients Using Environmental, Social and Governance Perspectives	Long-term Use of Tenofovir Disoproxil Fumarate Increases Fracture Risk in Elderly Patients with Chronic Hepatitis B  Making Use of Your Natural Partner to Assess for Instability in Ankle Fractures  First Allied Health Clinic under Integrated Model of Specialist Outpatient Service of Orthopaedics and Traumatology - SAFE Programme
<b>Break</b>								
1330-1500	<b>Plenary VI – Integrated Oncology and Palliative Care</b>	<b>Symposium 11 – Artificial Intelligence and Health Medicine</b>	<b>Parallel Session 6 – Integrated Pathways for Chronic Care</b>	<b>@Symposium 12 - Transforming Concept into Reality in Hospital Constructions</b>	<b>Symposium 13 - Innovations in Medical Training and Career Pathway</b>	<b>Masterclass 8 – Synthetic Computed Tomography and Breast Cancer Care</b>	<b>Parallel Session 7 - Leveraging Smart Technology to Achieve Technical Excellence in Allied Health Services</b>	<b>Masterclass 9 – Diagnosis of Paediatric Diseases in the Genomic Era – A Pathologists' Perspective</b>
	Integration of Palliative Care with Oncology for Comprehensive Cancer Care  Early Palliative Care in Oncology  Molecular Science in the Era of "Healthy China"	Distributed Generative Artificial Intelligence: Reshaping the Future of Medical Intelligence  Development and Deployment of Artificial Intelligence Techniques in Clinical Workflow	*AI Collaboration Empowers Primary Healthcare Institutes Enhance Precision Healthcare Capabilities 人工智能協同賦能基層醫療機構 強化精準醫療綜合服務能力  Medical Robotics – the Present and Future  Everyday, Everywhere, Everyone - Transforming Innovation into Better Patient Outcome in Community Rehabilitation	* The Design Trends in Health-centred Hospital Architecture 以健康為中心的醫療建築 * Paradigm Iteration in Healthcare Architecture 醫療保健架構中的範式反覆運算 * An Exploration of Intelligent Generation and Optimisation Design of Comprehensive Hospital Architectural Floor Plans under the Background of Artificial Intelligence – Taking the Central Operating Room as an Example 人工智慧背景下綜合醫院建築平面智慧化生成與優化設計的探索 – 以中央手術部為例	Assistant Internship and Future Generation of Medical Graduates  Dual Synergy: Hospital Authority and Academia for Impact  From Compliance to Adaptivity: Building a Safety Culture through Education	To See What You Treat - Clinical Feasibility of Magnetic Resonance-only Radiotherapy Using Synthetic Computed Tomography  Less is More: The Promise of Ultra-hyperfractionated and Partial Breast Radiotherapy  Empowering Choices: BRCA, Genomic Testing and Personalised Therapy in Breast Cancer Care	How Information Technology Advancement Contributes in Hospital Authority's Physiotherapy Service?  Enhancing Quality and Safety: Artificial Intelligence-Assisted Training for New Recruits  Designing Intelligent Systems for Cognitive Support in Later Life: Artificial Intelligence, and Real World Implementation	A Pathologist-led Laboratory Genetic Diagnostic Service - What and Why  Genetic and Genomic Pathology Service at Hong Kong Children's Hospital  Navigating Neonatal Challenges: A Case Illustration on Acute Neonatal Encephalopathy  The Vital Partnership Between Clinical Care and Genetic Pathology - The Case of Solid Tumours
<b>Break</b>								
1530-1700	<b>Plenary VII – Technology Advancement and Service Development</b>	<b>Symposium 14 - End-of-Life Care in Residential Care Homes for Elderly</b>	<b>Symposium 15 - Technological Innovation in Hospital Construction</b>	<b>Special Session 11 - Advances in Health Technology</b>	<b>Symposium 16 - Statistics and Data Science in Healthcare: Unlocking the Power of Data</b>	<b>Masterclass 10 – Breast Cancer Management in the Modern Era</b>	<b>Parallel Session 8 - Transforming Allied Health Practices: Exploring New Technologies for Enhanced Patient Care</b>	<b>Parallel Session 9 - Innovation in Practice</b>
	Challenges and Opportunities in Implementing Artificial Intelligence in Smart Hospitals  From Opacity to Restoration: Advancing Keratoprosthesis Surgery	Developing End-of-Life Care in Residential Care Home for the Elderly in Hong Kong  Community Support for End-of-Life Care and Dying in Place in Residential Care Home for the Elderly  Strengthening End-of-Life Care in Nursing Homes: An Empowerment-Based Capacity-Building Model  Panel Discussion	The Hospital as Innovator: Proactive, Personalized and Interconnected  Building the Future of Healthcare: How the Centre Hospitalier Universitaire de Nantes Integrates Innovation, Sustainability, and Urban Synergy	Enhancing Homebased Rehabilitation through Locally Tailored Technological Innovations  Robotics to Support Healthy Ageing  Wearable Robotics in Stroke Rehabilitation: Restoring Hand Function and Mobility	Direct and Indirect Impact of COVID on Public Health  Protection and Waning of Vaccine-induced, Natural and Hybrid Immunity to SARS-CoV-2 in Hong Kong  From Insight to Impact: Evidence-based Policy Formulation and Service Planning	The Modern Multidisciplinary Breast Center: From Co-location to True Integration  Multidisciplinary Management of Breast Cancer: A Radiologist's Role  Advances in Breast Cancer Oncological Treatment	Advanced Technology in Hospital Authority's Prosthetic Service  Evaluation of the Efficacy of Telehealth in Diabetic Management of Diabetes Mellitus: Pilot Study  Evaluation of the First Advanced Practice Radiation Therapist Role in Hong Kong: Specialist in Urological Cancer	Nurturing an Innovation Ecosystem in our Public Healthcare System  SmartCare: Smarter Education, Documentation, and Better Patient Care  Peritoneal Dialysis Patient Empowerment by Ultrabag Connecting Device  Proof of Concept 1 – Transforming Innovation into Better Patient Outcome - Innovative Simulation Training in Trauma  Proof of Concept 2: From Innovation to Better Patient Experience and Clinic Operations Optimisation

# 2026

# HOSPITAL AUTHORITY CONVENTION 醫院管理局研討大會

## 暫定程序表 PRELIMINARY PROGRAMME

DAY 3

13  
MAY

	Convention Hall^#	Theatre 1^#	Theatre 2^#	#Room 221	Room 224 & 225	Room 226 & 227	#Room 421
0900-1030	<b>Plenary VIII – Innovation and Advances in Surgery</b>	<b>Symposium 17 – New Drug and New Treatment Strategy from Chinese Medicine or Herbal Medicine for Unmet Medical Needs</b>	<b>Symposium 18 - Advanced Technology to Improve Safety and Well-being in the Workplace</b>	<b>Service Enhancement Presentation 1</b>	<b>Symposium 19 - Big Data and Advanced Technology</b>	<b>Symposium 20 - Supporting Patients in Community for Elderly and End-of-Life Care</b>	<b>Service Enhancement Presentation 2</b>
	<p>Surgical Advances in Management of Liver Cancer</p> <p>Re-defining the Indications for Aortic Surgery in Women</p> <p>Advances in Robotic Microsurgery: Applications, Innovations and Future Directions</p> <p>Robotic Surgery in Urology: From Technology to Clinical Practice</p>	<p>WE (Western + Eastern) Medicine as the Foundation of Future Medicines: YIV-906 Case Study – a Modernised 1800-Year-Old Formula to Improve Cancer Treatment Outcomes</p> <p>Chinese Medicine in Cancer Management: from Empiric to Evidence-based Medicine</p>	<p>Advancements in Artificial Intelligence and Robotic Solutions for Occupational Health/Safety in Hospital and Elderly Care Environments</p> <p>Embarking on a Journey to Explore Innovative Occupational Safety and Health Technologies in Osaka World Expo and Dusseldorf A+A Congress</p> <p>*Advanced Exoskeleton Technology to Improve Safety and Well-being in the Workplace 外骨骼機器助力職安健</p>	<p>Better Manage Growing Demands I</p> <p>Better Manage Growing Demands II</p>	<p>Brain and Big Data</p> <p>Orchestrating Complexity: Building a Safety-Driven Intraoperative Magnetic Resonance Imaging Service through Multidisciplinary Collaboration and Workflow Precision</p> <p>Pathology Foundation Models Transforming Precision Oncology and Patient Care</p>	<p>Strengthening Post-Discharge Care Through Medical-Social Collaboration: A Pilot Study of Family Caregiver Support in Hong Kong</p> <p>Creating an Age-friendly City: Community Support for the End-of-life</p> <p>The Future of End-of-life Care Policy in Hong Kong</p>	<p>Staff Engagement and Empowerment</p> <p>Clinical Safety &amp; Quality Service I</p>
Break							
1050-1220	<b>Plenary IX – Improving Surgical Outcomes through Global Collaborative Research</b>	<b>Symposium 21 – Is Managing Cardiovascular-Kidney-Metabolic Syndrome Transformative for Reducing Diabetes Complications?</b>	<b>Symposium 22 – Sustainable Healthcare System</b>	<b>Service Enhancement Presentation 3</b>	<b>Symposium 23 - Organ Transplant: A Step Forward in Promoting Organ Donation and Saving Lives</b>	<b>Masterclass 11 – Cataract Surgery</b>	<b>Service Enhancement Presentation 4</b>
	<p>Improving Surgical Outcomes through Global Collaborative Research: Challenges and Opportunities</p> <p>Turning Data into Safer Surgery: From Audit to Intelligence in Surgical Outcome Monitoring</p> <p>How We Translate Robotic Surgical Technologies from Bench to Bedside in Hong Kong</p>	<p>Origins and Treatments for the Cardiovascular-Kidney-Metabolic Syndrome</p> <p>Managing Cardiovascular-Kidney-Metabolic Syndrome: Are We Ready Yet?</p>	<p>From Projects to Systems: Building Sustainable Healthcare That Delivers</p> <p>Healthcare Sustainability from Both a Leadership and Ground-up Perspective</p> <p>New Era of Medical Education</p>	<p>Clinical Safety &amp; Quality Service II</p> <p>Clinical Safety &amp; Quality Service III</p>	<p>Expanding the Donor Pool I- Australia's Approach</p> <p>Increasing Organ Availability through Expanded Criteria I: A Case Illustration Approach</p> <p>Increasing Organ Availability through Expanded Criteria II: Surgical Innovations and Strategies</p> <p>Expanding the Local Donor Pool - Learning from Australia's DonatLife Model</p> <p>Family Support in the Organ Donation Journey</p>	<p>Epidemiology of Cataracts in Hong Kong</p> <p>Immediate Sequential Bilateral Cataract Surgery - Sustainability and Resistance</p> <p>High Flow Cataract Surgery – Hospital Authority Experience</p> <p>Optimizing Cataract Services through Structured Peri-operative Nursing</p> <p>Artificial Intelligence-Enhanced Cataract Care: Improving Quality and Efficiency</p> <p>The Future – New T8 Territorial Cataract Centre</p>	<p>Healthcare Advances, Research and Innovations</p> <p>Collaboration and Teamwork</p>
Break							
1330-1500	<b>Plenary X - Medical Equity: Organ Transplant</b>	<b>Symposium 24 - Fostering Wellness and Fulfilment at Work</b>	<b>Symposium 25 – Smart Operating Theatre from Anaesthetist and Surgeon Perspectives</b>	<b>Service Enhancement Presentation 5</b>	<b>Masterclass 12 – Challenges and Recent Development in Clinical Toxicology</b>	<b>Special Session 12 - Enhancing Stroke Care through Evidence-Based Integrated Chinese-Western Medicine : A Collaborative Model of Western and Chinese Medicine in Hong Kong</b>	<b>Service Enhancement Presentation 6</b>
	<p>Organ Donation Conundrums in Asia and their Solutions</p> <p>Improving Transplant Equity through ABO Histocompatibility</p>	<p>Harnessing Positive Psychology for Enhanced Happiness and Success</p> <p>Building Resilience and Leveraging Personal Strengths: Lessons from Healthcare, Ice Climbing, and Mountains</p> <p>Financial Wellness: Empower Staff for a Secure Future</p>	<p>Smart Operating Theatre and Perioperative Journey – An Anaesthesiologist's Perspective</p> <p>Smart Theatre from the Perspective of a Surgeon</p> <p>Smart Operating Theatre – from Engineer's Perspective</p>	<p>Young Hospital Authority Investigators Presentations</p> <p>Presentation of Best Poster Presentation Awards and Sharing Session I</p>	<p>Etomidate Abuse: the Anti-Drug Effort from Hospital Authority</p> <p>Clinical Management of Etomidate Abuse: Current Knowledge and Controversies</p> <p>Integrated Chinese-Western Medicine Treatment Safety</p> <p>Antidote Coordination in Crisis: Lessons from Poisoning Incident, Outbreak and Disaster</p>	<p>The Efficacy of Integrated Chinese-Western Medicine Programme in Stroke Rehabilitation</p> <p>□ The Advantages of Chinese Medicine in Integrated Chinese-Western Medicine Stroke Care 中醫在中西醫協作治療中風的優勢</p>	<p>Presentation of Best Poster Presentation Awards and Sharing Session II</p>
Break							
1530-1700	<b>Presentation of Awards (Convention Hall)</b>						
	Hospital Authority Outstanding Staff and Teams Award Presentation Ceremony 2026						
Photo-taking (Convention Hall, Room 221 & Room 421) <sup>Δ</sup>							

2026

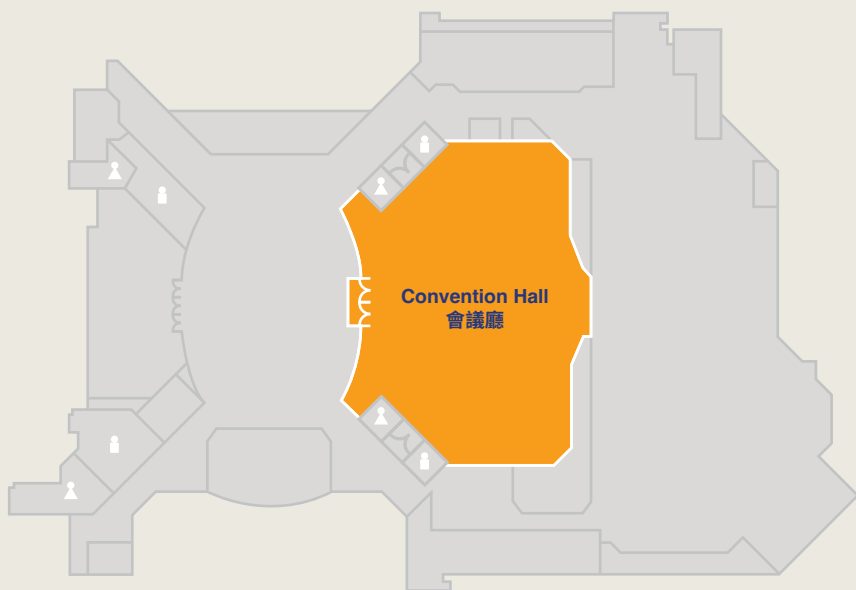

暫定程序表

HOSPITAL AUTHORITY CONVENTION  
醫院管理局研討大會

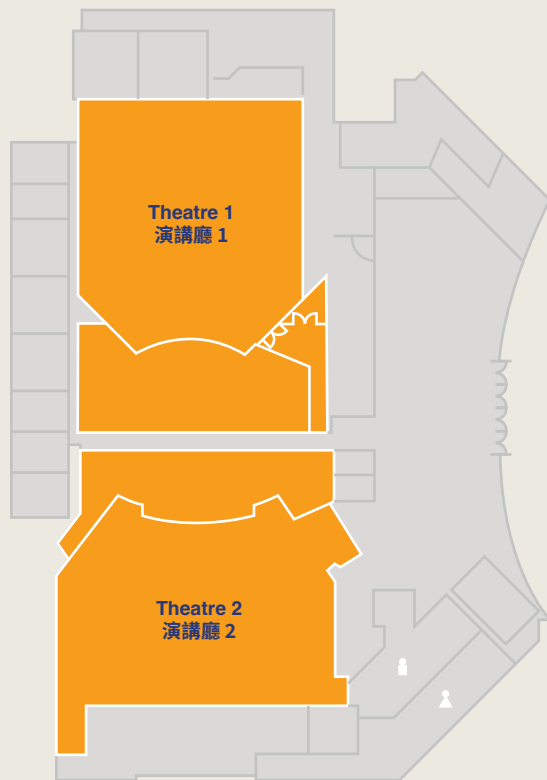

PRELIMINARY PROGRAMME

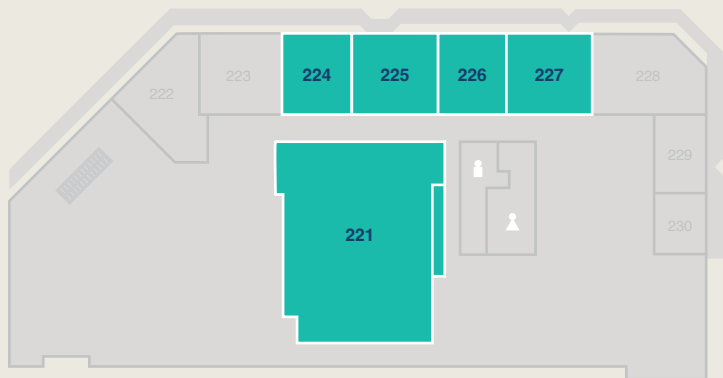

Convention Hall  
會議廳

Theatre 1 & 2  
演講廳 1 & 2

Room 221, 224-225, 226-227  
221室, 224及225室, 226及227室

Room 421, 423-424  
421室, 423及424室
